A small extra cost for potentially a big difference

Depending on the property and the customer, this may not be of interest to everyone.

However, for only a small additional cost we would **recommend this service** for the majority of homes priced over £150,000

Examples of the difference this could potentially make to your home are shown overleaf

Homes > 150k..... **£25**

150k > 250k..... **£35**

Over 250k..... **£50**

We can also prepare top quality floorplans – please call for price
